Welcome & Opening

Noora Viksten

Head of Sustainable
Solutions Sales Nordics,
ISS STOXX

SPEAKER PROFILE

Noora Viksten leads Sustainability Solutions Sales for the Nordics at ISS STOXX. She has over 15 years of experience in ESG and financial services, with a focus on sustainable investing, data driven solutions and Nordic institutional investors. Before joining ISS STOXX, she spent more than a decade at MSCI in Stockholm and London, most recently leading ESG and Climate Sales Client Coverage across the Nordics, the Netherlands and the Baltic regions. Earlier in her career, she worked with Nordic institutional investors on responsible investment advisory and active ownership at GES. Noora holds an MSc in Business and Economics from Uppsala University and is a Certified ESG Analyst (CESGA).

From Sustainability Data to Investment Desicions

Alexandru Giurgila

Product Manager,
ESG, **SimCorp**

SPEAKER PROFILE

Alex Giurgila is Senior Principal Product Manager at SimCorp (part of Deutsche Börse Group), where he leads Investment Foundations and has spent the past five years building SimCorp's ESG and sustainability reporting products for global institutional investors. His current focus is bringing climate and physical risk data into portfolio analytics, compliance and reporting.

Climate & Nature Physical Risk

Ludovine Tarsia

Sustainability Solutions
Product Lead, **ISS STOXX**

SPEAKER PROFILE

Ludovine Alexandra Tarsia, Associate Director within the Sustainability Solutions Product at ISS STOXX, is based in Stockholm and manages the product suite pertaining to Climate & Nature, Fixed Income, and Cyber Risk. Within her role, she is tasked with managing the development of market-leading sustainability data and analytics solutions that enable investors to identify risks, uncover opportunities, and meet evolving stakeholders' and regulatory expectations. Prior to joining ISS STOXX in 2022, Ludovine was based in London and holds over 10 years of market experience across fixed income and regulatory solutions at Lexis Nexis and Bloomberg in roles within research analytics, sales, client success, and derivatives trading operations support. Ludovine holds an MSc in Management, Organizations, and Governance from the London School of Economics.

Climate & Nature Physical Risk

Per Bartel-Georgzen

Head of Sustainability,
SEB Asset Management

SPEAKER PROFILE

Per Bartel-Georgzen is Head of Sustainability at SEB Asset Management. He has over a decade of experience in the financial sector and has been dedicated to sustainability-related topics since 2016. Prior to his current role, Per was Head of Sustainability for SEB's life insurance business as well as for Private Wealth Management & Family Office. He has also been part of the management team of Sustainable Banking in recent years. Previously, he has held several roles within SEB at the intersection of business, sustainability, and data, where he has been instrumental in developing the bank's ESG data platform. Per has broad experience in integrating sustainability into financial processes. In his current role, he leads the development of SEB Asset Management's sustainability agenda. He holds a Master's degree in Business Administration from Uppsala University.

Climate & Nature Physical Risk

Pia Gisgård

Head of Sustainability &
Corporate Governance,
Swedbank Robur

SPEAKER PROFILE

Pia Gisgård is Head of Sustainability & Corporate Governance at Swedbank Robur, one of Scandinavia's largest asset managers and Sweden's leading fund management company. She has more than 20 years of experience in the financial industry, with a background spanning law, compliance, corporate governance, and asset management. Prior to joining Swedbank Robur, she held senior positions at SEB Investment Management, East Capital, and Gernandt & Danielsson Law Firm.

The Next Phase of AI

Csenge Gulyban

Research Lead, Research
Institute, **ISS STOXX**

SPEAKER PROFILE

Csenge Gulyban is a London-based Research Lead at the ISS STOXX Research Institute, where she researches emerging trends and what they mean for investment risk, stewardship and long-term value. Before joining the Institute, she spent seven years at Deloitte and a boutique consultancy, advising companies across a wide range of sectors on meeting investor and regulatory expectations under CSRD, the EU Taxonomy and TCFD. Her work has spanned decarbonisation strategies, ESG disclosure and compliance, climate scenario analysis and supply chain due diligence, including advising C-suite executives on regulatory readiness and long-term resilience planning.

The Next Phase of AI

Nils Lundgren

Head of Nordic
Benchmark Research,
ISS STOXX

SPEAKER PROFILE

Nils Lundgren leads Nordic research at ISS STOXX, overseeing corporate governance and proxy research across Sweden, Norway, Denmark, and Finland. He works closely with institutional investors on board accountability, executive remuneration, shareholder rights, and governance trends shaping European capital markets. A regular speaker on stewardship and governance, Nils is particularly interested in how emerging technologies, including artificial intelligence, can enhance research quality and investment processes while maintaining analytical rigor and independent judgment. Nils holds a Law Degree from Uppsala University.
